## 720P Widescreen HD Webcam

With this 720P HD Flexcam you can communicate and share special moments with anyone through the Internet in high resolution! The extremely high quality real 2.0 megapixel HD webcam is perfect for capturing video in high definition quality and taking snapshots of up to 5.0 megapixels (interpolated)! The webcam has special features like Auto Face Tracking (a technology that automatically keeps your face in the center of the video frame) and Photo Frames (a feature for creating and adding your own photo frames to your snapshots)! Additionally, this webcam is fully compatible with all instant messenger applications and is equipped with a built-in microphone. Thanks to the unique foot of the webcam, you can use it both hanging on your LCD screen as well as standing on your desk.
